

ecc 02

eisconnect are ideal table boxes for desktop and laptop PC users, where convenient access to network drops, AC power sources and video/audio displays is required. The small footprint provides an un-obtrusive complement to any décor. Integral pull-out cables are included.

eisconnect allows the user to connect their Laptop or PC to AC power and an external video display and house sound system as well as "link up" with network and phone lines. eisconnect primarily allows quick, convenient access to AC power outlets and pre-installed network cables for Computers or Laptops.

Both models allow the user to pull out the appropriate cables from the unit's compartment and connect their Laptop.
