

Interactive Kiosks

Robust, Versatile, Affordable, Rugged

EISTOUCH supply interactive kiosks of superior quality and style to private and public organisations and government institutions. All our kiosks come with unique modular design, attractive to end-users with maintenance free structure.

We design and deploy interactive kiosks for virtually any application. We can design, produce and deliver customized kiosks to suit your particular needs and requirements, ranging from simple unsupervised public internet access points to highly sophisticated information delivery systems.
